ACTION BREAKS — LIBRARY OR CAMPUS GREEN

At the core of TEDxConcordiaUPortland is community building. This happens some when speakers share their ideas worth spreading from the stage, but the time between those sessions is when sharing and community building has the potential to really kick into high gear.

The intermissions between the speaker sessions are Action Breaks which feature a variety of highly interactive, hands-on activities hosted by several of our event partners. You might learn something new... you might have some fun... and you're almost guaranteed to make some new friends.

Do use some of the break time available to take care of business, refill your coffee or get a snack, but also be sure to join in on some of the Action Break happenings and become an active participant in this awesome and growing TEDxConcordiaUPortland community!

In addition to the Action Breaks hosted by our partners, attendees can get involved by starting their own activities. Make some new friends by playing around-the-world ping pong or Frisbee on the campus green to ramp up your pulse. Feel free to start rounds of your favorite childhood games like tag, duck-duck goose and red-rover.

ON-GOING THROUGHOUT THE DAY

OPB News Storybooths — 2nd floor balcony East end —

Each day, OPB brings you stories from around the globe. Today, we want to hear yours. Stop by the OPB News Storybooths to record your thoughts and stories about your favorite memories, family traditions and life-changing experiences.

Today's topics:

If you could hold on to just one memory from your life forever, what would that be?

What traditions have been passed down in your family?

Tell us a story about your biggest life-changing experience.

TEDxConcordiaUPortland Photo Party! — 1st floor lobby —

Come experience our TEDx themed photo booth provided by Portland Photo Party! This is a great opportunity to connect creatively and share the TEDx experience. Join fellow TEDx'ers in the booth, grab a costume or a prop and take home a picture to remember the day!

Visualize the PULSE of our Community: How are we all connected? — 1st floor lobby — Our guess is that we have a lot more in common than we think. Add your name and passions into a visual web and see how we're all linked together. Do you volunteer with the food bank? Identify as a Francophile? Have a borderline obsessive relationship with your bike? Write it down. See who connects with you. Bonus points if you can find that person and spark up a conversation!

The World of 3D Printing — 1st floor lobby — Come chat with someone from RapidMade, a local startup organization, and learn about the amazing world that is 3D printing. Stop by the display and see 3D printed examples, play with 3D printed things, and have all your 3D printing questions answered!

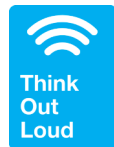

Carpe Diem Education Dream Map — campus green — If you could step away from your everyday routine and take a year for yourself, what would that look like? Where would you go and what would you do? Have you been dreaming of your next adventure, but not sure where to start? Carpe Diem Education invites you to participate in an interactive Dream Map installment where you can find inspiration, share your dreams and passions, and connect with the rest of your TEDx community here in Portland. So what are you waiting for... Get out and seize your journey!

ACTION BREAK ONE ONLY

“The Host’s Nightmare” with Think Out Loud — Starting at 11:30 and again at 12:15 in Room 203 — Join OPB’s Think Out Loud Host David Miller and Executive Producer Sarah Rothenfluch for “The Host’s Nightmare.” With the goal of stumping the show’s host, David, participants will learn about producing a radio show, and the pressure that comes with not knowing which direction a show could be headed.

Poetry Improv, inspired by William Stafford, with Think Out Loud and Oregon Art Beat — Starting at 12:00pm on the West end 2nd floor balcony and in Room 201 — Join OPB’s Think Out Loud Senior Producer Allison Frost and Oregon Art Beat Producer Robe Imbriano for an improv poetry slam, inspired by the works of William Stafford. Read group poetry, create your own, and have fun!

ACTION BREAK TWO ONLY

Personal Fitness and Consulting Workout Session — 20 minute workout, start anytime you want on the campus green — Take a break and get your blood flowing! Enjoy a short circuit type workout designed to realign your posture and get your body ready to finish off the day. Let Personal Fitness and Consulting’s owner, Paulie Heisel, take you through the circuit, showing correct form to reduce risks and motivate you to reach your goals.

TaKeTiNa — campus green — Come explore pulse through movement and rhythm. Step, clap and sing your way into pulse and into what lies between. Taketina is a facilitated rhythmic process that involves a leader, a drummer, and you, the participants! You will have the opportunity to play in a welcoming environment with rhythm and other TEDx’ers.

Conversation with Global Witness on Anonymous Companies and Corruption — Room 120 — Global Witness and its partners invite you to join them to discuss the link between corruption and anonymous companies, and how TEDxConcordiaUPortland participants can partner with us to foster a new era of transparency for business and governments. As seen in Charmian Gooch’s 2014 TED Prize Talk, Global Witness campaigns to change the system by exposing the economic networks behind conflict, corruption and environmental destruction. Her wish is to know who owns and controls companies so they can no longer be used anonymously against the public good. We can help.

global witness

During this conversation, co-hosted by member of a national transparency coalition of which Global Witness is a member, we’ll discuss this issue in more detail and share with you how innovators, business leaders and engaged citizens around the globe are coming together to tackle this problem from different angles. We’ll also talk about how action at state level in the U.S., including Oregon, is critical part of our overall strategy for change.
